## EDUCATION

### Bachelor of Technology (B.Tech) - Information Technology

Charotar University of Science and Technology

10/2022 – present | Anand, India

### Higher Secondary Certificate (HSC)

St. Blaze School

2020 – 2022 | Ahmedabad, India

### Secondary School Certificate (SSC)

Divine Buds School

2019 – 2020 | Ahmedabad, India

## PROJECTS

### MyLabVerse-LIMS 🔗

Developed a full-stack lab management system with dynamic test forms, interactive report visualization, and OCR-based prescription processing. Implemented secure role-based authentication and built with the MERN stack for efficient data management and seamless user experience.

### Stocksy - The Stock Simulator Game 🔗

It is a React Native Expo-based stock market simulator that enables users to trade with virtual currency, integrating Firebase authentication, real-time stock data, and a dynamic portfolio system. It features a leaderboard for tracking performance and can be enhanced with AI-driven stock recommendations, social trading, and real-time financial news.

### AI Image Generation App 🔗

Developed a full-stack Flutter mobile app integrating three AI models for text-to-image generation. Implemented Google/Facebook authentication, allowing users to generate, preview, and download AI-generated images. Optimized API interactions for seamless performance.

## ACHIEVEMENTS

### First Place at The IdeaShow 3.0

Aavishkar Club, CMPICA, Charusat

## TECHNICAL SKILLS

**Languages:** Python | C/C++ | Java | Javascript | Typescript
